

## Three-day Workshop on Online Information Sources, Tools & Techniques (WOIST)

For M.L.I.Sc. Students of University of Mumbai | 15-17 February, 2016

Nagindas Khandwala College Library aims to train the post graduate students studying in Master of Library and Information Science (M.L.I.Sc.) by organizing three-day workshop on 'Online Information Sources, Tools and Techniques' (WOIST). The first batch of WOIST is organized for the M.L.I.Sc. students of University of Mumbai (Vidyanagari campus) from 15<sup>th</sup> Feb., 2016 to 17<sup>th</sup> Feb., 2016. This workshop shall be held twice in a year for the M.L.I.Sc. students of different universities.

### About WOIST

Today's readers are using internet and communication technologies than ever before. They have high expectations from the librarians and libraries to cater technologically driven information services. Even libraries have also been highly impacted by the growing internet technology. In result, the libraries are reshaping their professional skills, facilities and services to reach out to user community.

All these changes call for an intensive workshop for the future Librarians. Therefore, our College Library initiated a specialized workshop for students of Library and Information Science. The workshop aims to redefine their online literature search skills by sharing various information source discovery-skills. This workshop makes life-long academic use from the techniques imparted in the event and also helps them guide their patrons.
