On 6th October 2024, our students of B-Section participated in a beach clean drive at Juhu beach, taking steps towards a cleaner and greener future. The students showcased their dedication to cleaning the environment and worked together to pave the way for the future. The event focused on removing litter from the beach to protect marine life and preserve the natural beauty of the coastline at Juhu. The students worked tirelessly showcasing a spirit of teamwork as well as responsibility. Their actions highlighted the importance of taking efforts today, to shape a better tomorrow. Through this drive our B-Section students set an example of how every piece of contribution helps make a big impact in the large scale of things.
