## **1. Preamble**

Well-functioning financial markets, such as the bond market, stock market and foreign exchange market, are the key factors in producing high economic growth. There is growing demand of Financial Market specialists to deal with increasing financial reporting requirements and complicated business situations. Commerce graduates, having knowledge and expertise of Money, Financial Institutions and Financial Risks are the preferred choice of Listed Companies, MNC's & Banks. This program is so created to make our graduates employable.

This Bachelor's Degree Program will provide students the right blend of knowledge and skills along with practical exposure.

## **2. Objectives**

This program of B. Com in Financial Markets is structured to provide graduates with practical skills required in financial services arena. The main objective of B. Com (Financial Markets) is: -

- To equip the learners with necessary theoretical and practical know-how and provide an academic base so that they can apply the same in researching financial markets for investment.
- To provide an integrated perspective of financial system along with a good amount of exposure to real life cases / technical knowhow.
- To train students with knowledge in the field of Equity Market, Debt Market and Risk management.
- To enable the learners to enhance their knowledge about financial markets and their linkages to the economy.

### **3. Outcome**

The B.Com (Financial Markets) Programme will provide a learner an in-depth knowledge of the skills required to take up jobs in the BFSI sector.

The learner shall enhance his:

- Analytical Skills
- Mathematical Skills
- Investment Skills
- Knowledge on various methods and techniques that will help them in understanding the functioning of capital market in detail
- Exposure to practical applications for future career.

### **4. Scheme of Examination:**

The scheme of Examination shall be divided into parts i.e. Continuous Internal Evaluation including Assignment, Projects, Seminars, Case Studies and Class Tests which will be of 40 marks and the Semester End Examinations which will be of 60 marks (**For first year**). For Second Year and Third Year Continuous Internal Evaluation including Assignment, Projects, Seminars, Case Studies and Class Tests will be of 25 marks and the Semester End Examinations will be of 75 marks. The semester wise Credit Points will be varied from course to course but the value of Credits for Under-Graduate Programme shall be of 120 Credits. Students will have to earn 8 extra credits under autonomy. This will be achieved by doing 1 Course on Environmental Science, 1 Short Term Course from an approved list of certifications and a Compulsory Course in Tally Pro and Advance Excel.

The Credits are defined in terms of the learner's hours which are divided into two parts such as Actual and Notional. The value of a particular course can be measured in number of Credit Points. The value of One (01) Credit is equal to 15 Hours of learners' load
