Poster Making on Marine Pollution

Date: 7th September 2025

Location: College Campus

Number of Participants: 138

Description:

The Eco Club organized a poster-making event on the theme of water pollution to spread awareness about the need for clean and safe water. Students showcased their creativity and artistic skills by designing handmade posters that highlighted the causes, effects, and solutions to water pollution. The event aimed to sensitize participants towards issues like industrial waste, plastic dumping, and water scarcity while encouraging sustainable practices to conserve water bodies. The colorful and impactful posters reflected students' innovative ideas and strong commitment to protecting aquatic life and preserving natural resources. Overall, the activity successfully combined creativity with awareness, inspiring everyone to take steps towards reducing water pollution.
