Description:

The Green Club organized a beach clean-up drive at Juhu Beach, Mumbai, early in the morning at 6:30 a.m., focusing on the waste left behind after the Ganpati festival. Students actively participated in clearing garbage, plastic waste, and remnants of undissolved Ganesh idols from the shoreline. The drive aimed to restore the cleanliness of the beach, protect marine life, and reduce the harmful impact of festival pollution on the environment. By working together, students not only contributed to maintaining the beauty of the coast but also learned the importance of sustainable celebrations and responsible waste disposal. Overall, the event created a strong sense of environmental responsibility while promoting community action for a cleaner and healthier ecosystem.
