On 15th August 2024, we celebrated Independence Day in the campus of our College. Our Department faculty and Core assembled for the occasion. It began with the flag being unfurled, followed by the national anthem. The students and faculty joined together to commemorate the historic occasion and our country's rich history. The event, while seeming simple, produced a sense of unity and pride among professors and students. It was a moment of introspection and unity, commemorating a memorable day for everyone.
