About NKC

Nagindas Khandwala College (Empowered Autonomous), which was established on 21 July, 1983 by the visionary, dedicated and ever progressive Malad Kandivli Education Society, with a modest cluster of three class rooms separated by wooden partitions and two undergraduate programs, has now become an Empowered Autonomous Institution with an A Grade (NAAC Accredited - 4th cycle) and an ISO 21001:2018 certification, offering 31 undergraduate programmes, 14 postgraduate programmes and 4 Ph. D programmes through 3 research centres, catering to more than 7,000 students across the campus. Recently, in the year 2024-25, the Empowered Autonomous College status has been conferred on our institution by the University of Mumbai.

The Department of Geography was established in the year June, 1989 with three-unit programme at graduation level till 1995 and introduced six unit at TYBA Geography in year June 1995. In year 2006-07 the Department started Masters Programme in Geography, established Research Center in Geography in 2018. Prof. Dr. Moushumi Datta has completed 6 minor research projects, 2 major research projects, have 11 patents granted.

About Department of Geography

About Department of Geoinformatics

The Department of Geoinformatics was established in the year 2020 with MSc Geoinformatics. The UG Programme BSc Geoinformatics was started in the year 2023. It addresses to the latest developments in the field of Geospatial Technology and it is proudly announced that all the students of the Department are very well placed and we have 100% placements till date. With expert faculties and academia- industry alliance. the department is flourishing year by year with increased student strength every year.

The Workshop on Drone Technology offers participants an in-depth understanding of the fundamentals, components, and applications of drones. It includes hands-on demonstrations of drone operation, flight control, and data acquisition techniques. Experts will highlight the diverse uses of drones in mapping, surveying, agriculture, and environmental monitoring, along with discussions on safety protocols and legal regulations governing drone usage in India. Through real-world case studies, the workshop aims to enhance technical proficiency and awareness of emerging trends in drone technology. Designed for students, researchers, and professionals in geography, geoinformatics, and related fields.

About the Workshop

Resource Persons

**DR. SUMANT
AWTADE**

Head,
Dept. of Geography,
Swami Vivekanand Night College
of Arts and Commerce, Dombivli.

**DR. CHANDANI
BHATTACHARJEE**

Head,
Dept. of Geography,
HR College of Commerce and
Economics, Churchgate.

**SHRI. DNYANESHWAR
BOMBE**

Head,
Dept. of Geography,
Sathaye College Autonomous,
Vile-Parle.
