Description:

The **Mithi River Clean-Up Drive**, organized by the **Green Club**, is an environmental initiative to restore Mumbai's polluted Mithi River. Volunteers work together to remove plastic, debris, and industrial waste, improving water quality and biodiversity. The drive also raises awareness about sustainable waste management and eco-friendly practices. By preventing pollution and reducing urban flooding risks, it helps revive the river's natural flow. Regular clean-ups promote collective responsibility for protecting water bodies. This initiative reflects the Green Club's commitment to a cleaner and healthier environment.
