

St. Francis Institute of Technology (Engineering College)

Learning & Information Resource Centre
(LIRC)

MKES Nagindas Khandwala College (Empowered Autonomous College)

Knowledge Resource Centre (KRC)

The two institutions have come together to organize this program with the aim of supporting the professional growth of librarians. Through collaboration, knowledge sharing, and the use of modern technologies, the program aims to help library professionals enhance their skills and stay updated with the latest trends in librarianship.

Why Attend?

- Learn from experienced library professionals and subject experts.
- Explore AI tools and digital technologies for modern libraries.
- Strengthen your documentation skills.
- Discover best practices and emerging trends in academic librarianship.
- Connect and network with librarians from different institutions.
- Receive an E-Certificate upon successful participation.

ST. FRANCIS INSTITUTE OF TECHNOLOGY (Engineering College)

In Collaboration with

MKES NAGINDAS KHANDWALA COLLEGE (Empowered Autonomous College)

**Empowering Librarians for
the Digital Future**

10th – 14th August 2026

Mode: Online via Google Meet

**Registration Fee for Library
Professionals : ₹500/-**

Library Science Students: ₹200/-

About the Program

The 5-Day Librarian Development Program is an online training program for library professionals. It is designed to help librarians learn about new technologies, digital tools, and modern library practices.

The program includes expert talks, live demonstrations, and interactive sessions. It will help participants improve their professional skills and better support teaching, learning, and research in academic libraries.

The program also provides an opportunity to learn from experts, share ideas, and connect with library professionals from different institutions.
