Endeavour

Endeavour is a College Social Responsibility initiative started under the guidance of Principal Dr. (Mrs.) Anny Jose in June 2014. Endeavour was held on 7th July 2018. The speaker for Endeavour was Dr. K. Balasubramanian (Senior Consultant Neurologist). He spoke on the topic: "True Learning - Not an Imaginary endeavor."

Some important takeaways from Dr. Balasubramanian's session were, a teacher is one who inspires students to excel, there is a difference between learning, true learning and wisdom. True learning leads to wisdom. The teacher and the learner need the right attitude to learn. It is important to be humble. If one feels they know everything, you cease to learn. Clarity of focus and hard work are essential in whatever you undertake, Everything that a teacher does,

The second edition of Endeavour was on 1st December 2018. It was indeed a pleasure to have Shri. Gaur Gopal Das address a crowd of 600 teachers and students. Gaur Gopalji spoke on the topic 'In Pursuit of Happiness'. The talk was a joint effort of Mirage and Endeavour. Shri. Gaur Gopal Das blessed the students of the BMS section and wished them for their Inter-Collegiate Festival - Mirage. Guraji addressed faculties, non-teaching staff and students for Endeavour.

Shri. Gaur Gopal Das shared with the audience some simple but very effective ways to lead a happy and successful life. He shared his learning in a form of an abbreviated word known as GAB. GAB stands for:

Change the Changeable

Shri Gaur Gopalji emphasised that it is important to change those aspects of our life which are in our control. Guraji further went on to stress that we must work hard and relentlessly to alter what is changeable.
