LAPTOP DISTRIBUTION CEREMONY

On the occasion of the 78th Independence Day of our nation, the Malad Kandivli Education Society proudly undertook a special initiative - the distribution of laptops to all the students of the Department of Advanced Computing.

The initiative is a step towards realising the Society's vision of Bhavishya Bharat - a future-ready India where education, technology, and innovation go hand in hand. By equipping students with modern resources, the Society reaffirms its belief that access to technology can transform learning outcomes and open doors to global opportunities.

We extend our heartfelt congratulations to all the recipients. May this support inspire you to work harder, dream bigger, and contribute to the progress of our nation. Together, let us build a future that reflects the true spirit of independence, innovation, and national pride. Jai Hind!
